NON BATH CADDIES – This collection is made of precisely laser cut panels of fluorescent acrylic that snap together with no glue. The BEAUTY, TOOTH, SOAP, COTTON, SWAB, BOX CADDY and CADDY TRAY keep bathrooms tidy and full of personality.

BEAUTY CADDY: holds cosmetic and makeup tools ranging in size from compacts to eyeliner.

TOOTH CADDY: holds four toothbrushes, toothpaste and floss.

SOAP: holds a bar of soap while neatly draining its water.

COTTON: holds a stack of cotton pads and dispenses them from a slot near the bottom.

SWAB: holds cotton swabs that can be plucked from a slot near the bottom.

BOX CADDY: holds all that other stuff neatly in one place with a tip-open lid.

CADDY TRAY: keeps your caddy collection up off the counter and even has mounting holes so that it can become a shelf on your wall.

Laser cut acrylic available in many color combinations
